

## Photo Release For Shutterfly

Dear Parent/Guardian:

We will be inviting you to a Shutterfly Share site to view pictures taken of your student throughout the year. This will allow you to see what is happening in the classroom earlier instead of waiting until the end of the year to receive your CD.

Only members that are invited and accept will be able to see these photos. From there you can download the photos to your own device or create your own preschool album directly from Shutterfly.

**PRIVACY MATTERS \*\*\* (From the Shutterfly website: )**

When it comes to kids' pictures and information, there's no greater concern than privacy. Each Share site is a private online environment so only invited members have access to a site's pictures and information. The site and its contents will never show up in Google searches. Plus, safe tagging gives parents peace of mind that they'll be alerted when their children are featured.

Please sign and return the form below granting or denying permission to add pictures of your student to the Shutterfly Share site.
